OXFORD MATHEMATICIAN DESTROYS ATHEISM IN 15 MINUTES OF BRILLIANCY using Jesus Christ as the perfect example without quoting any specific scriptures from the Bible!

Viewer responses:

Someone once said "the reason the Bible harmonizes so well with Science is because they both have the same author."	"Someone once said "the reason the Bible harmonizes so well with Science is because they both have the same author."	A debate that turned into a special lecture!!! When God is with you even in debate, who will stand against you??? Nothing. Praise the Lord for John Lennox. Maranatha!
This was a sermon. It brought tears to my eyes. I thank God for Jesus who paid it all for me. Jesus is the only answer. God bless the professor and you.	John Lennox is an absolute legend. He is a fantastic philosopher and apologist. He debated Richard Dawkins one time, and the reporter described the debate as John Lennox was like Santa Claus debating the Devil.	His humbleness and faith literally made me cry. Praises and Glory to our almighty God.
My best friend said recently, "All of History is just Humans deciding what is good and what is evil. God wants us to TRUST Him to tell us what is good and what is evil." The point of the Garden of Eden was to give us the choice: to trust God or trust ourselves. We chose ourselves and look where that got us	John Lennox was probably the most influential man in bringing down all my deep fears that science and God cannot live together. My heart, tradition and soul always remind me of God, but my mind was in clear doubt. John Lennox, WL Craig, Stephen Mayers and others like these God fearing men, break that barrier down. And I am forever thankful to them.	Thank you so much for sharing this! I've never heard of John Lennox but he just PREACHED IT! I had to back it up a few times just to make sure that I was following his intellect but boy! SO GOOD! You blessed me this evening brother thank you! Peace of God to you my friend! I'll see you on that hill top one day brother! Keep up the excellent work! And by the way your 1 cent was well worth my friend, Keep the Truth coming! So encouraging! Much love to you!
