# Obtaining a LDS account

The following will assist you in obtaining an LDS account that provides access to ldsjobs.org which now has an updated system with a comprehensive employment services package.

Access the internet with the address   www.ldsjobs.org to obtain the following page

Mid way down the left side of the BETA page you will see **Obtain an LDS Account** or **sign in**. If you already have an account, please do not click on **Obtain an LDS Account.** You already have an account if you have previously logged onto a ward or stake website or accessed any other Church account that requires a login, other than the New Family Search site.

If you cannot remember your login information simply click on **sign in** and follow the prompts listed underneath the sign in box.

If you do not have an account click on **Obtain an LDS Account.** You will then have three registration options: *Quick, Full* and *Friend*. If you are a member of the Church, you should in all cases use the *Full* option. The Quick option is primarily for use of employment centers. The Friend option is for non-members and employers who can post opportunities and review online profiles of potential employees. Only the *Full* option provides for all services associated with this website.
