ment improvement in the PSD340's key & you can slow CDs as much as 75% in the quality is better than ever, so that music over audio artifacts at a greater range of

ate MP3 files

SD340 play MP3 files on a disc, but the music for Key, Tempo, A-B Looping, and Voice Reduction as with CD audio.

Built-in Tuner & Metronome

Generate an A440 tone or use the chromatic tuner to play a note and see if it is sharp or flat. The built-in metronome allows changes of beats-per-minute and accent beat.
