

Remembering Our Ancestors and Building Our Legacies: You Can Make A Difference in Creating Memories for Your Own Family!

In team sports, we all know how important it is to develop teamwork for success. Every player is important. In my church, The Church of Jesus Christ of Latter-day Saints, they know that teamwork is essential in the family setting. Hence, there is a natural, humongous push for instilling interest for family history endeavors. While this Facebook group was created in 2019 to boost interest in temple and family history pursuits when I was first called to be the congregation's (ward's) Leader for Temple and Family History pursuits. Now that I have been released from this calling and given a new calling in the JustServe.org program which is a Church website where the volunteer needs of community organizations are posted, and volunteers search for opportunities to enhance the quality of life in our community where we all live. It is a free service that links community volunteer needs with volunteers and does not discriminate based on race, religion, gender, ethnicity, or sexual orientation in posting projects or in encouraging volunteers to serve according to their [guidelines](#).

Of the community projects that are taking place at <http://JustServe.org>, I noticed that family history is not being widely promoted. See the flyer below that was distributed at RootsTech 2024 to promote genealogical endeavors.

The flyer features a teal header with the title "Remembering Our Ancestors and Building Our Legacies" and the subtitle "Looking Back and Serving Forward". Below this, it encourages registration with JustServe to find local service opportunities. The bottom section includes a "Register Now" button with a QR code, social media sharing options for Facebook, Instagram, YouTube, Twitter, and LinkedIn, and logos for JustServe and rootstech by FamilySearch.

If any of you would like to make a difference in your community, consider volunteering by registering via the QR code cited in the graphic to *Register Now*. Simply stated, the best service opportunities are collaborative—working side by side with others in faith-based, nonprofit, community, and government organizations. Community service opportunities should enhance the quality of life in the community and assist the poor and those in need because we all have ancestral roots to enrich our family's heritage and that of future generations with a common "*esprit de corps*"

bonding. I will attempt to develop a proposal by submitting an appropriate project with the necessary information. And if approved, I will post more about it on this Facebook Group since you all 150 subscribers of this Facebook Group have a common interest in your “Family Roots.”

See the JustServe poster flyers below for inspiration of how you can make a difference for others in your community. I did find one genealogical JustServe project in my area that focuses in on indexing using FamilySearch memories.

At JustServe, we believe in the power of community service and volunteering to build unity in the community. Search below to find local volunteer opportunities where you live.
